## Digital library collections coordinator has 15 minutes of fame

John Hagen, program coordinator for the WVU Libraries' Electronic Institutional Document Repository Programs, recently did a Web-based interview with a Middle Atlantic library consortium.

In his podcast interview with PALINET, Hagen discusses the University's new institutional repository, a digital library collection and related services through which internally generated research can be submitted, accessed and preserved on the Web.

The interview is available online at <http://www.palinet.org/rss/ir/default.htm> and <http://www.wvu.edu/~thesis/presentations&stats.htm>.

This is part one of a three-part series with WVU Libraries staff. Forthcoming podcasts will include interviews with John Cuthbert and Dennis Newborn regarding other digital library initiatives at WVU.
