Part II

We would like to know more about you. Please write an essay and address all of the questions listed below (not more than 500 words). Please use the following page or attach additional papers for your essay.

1. What do you think are the greatest benefits of living in the WVU International House?
2. How will this living/ learning environment fit into you overall personal and future goals?
3. How do you see yourself contributing to the WVU International House?

Part III Expression of Commitment

Because admission to WVU International House is competitive, we require applicants to express their commitment to the ideals and principles of the WVU International House Program. Residents are expected to participate in the activities and programs in the House, and all residents must reapply, and be evaluated, for the limited number of slots available for returning residents. Thus signing this application commits the students to an active participation in the international community that is being supported.

I understand that my submission of this application expresses my commitment to the ideals and goals of International House. I also affirm that my desire to participate in this community, and acknowledge that my active involvement will determine my continuing eligibility to reside in International House the following year.

I understand that my application for International House will be complete after I have submitted my WVU Housing application and deposit (as instructed in my admission packet), this form, and the required essay.
